PROFESSIONAL SUMMARY

Aspiring Data Analyst with hands-on internship experience in data analysis, ETL, data cleaning, exploratory data analysis (EDA), SQL, Python, Excel, and Power BI. Experienced in transforming raw datasets, analyzing trends and KPIs, developing interactive dashboards, and generating business insights to support data-driven decision-making.

TECHNICAL SKILLS

- **Data Analysis Tools:** Microsoft Excel, Power BI, Google Sheets
 - **Database & Query Language:** SQL (MySQL)
 - **Programming Language:** Python
 - **Data Analysis:** Data Cleaning, Data Transformation, **ETL**, Exploratory Data Analysis (EDA), Data Validation, KPI Analysis, Business Insights
 - **Business Intelligence:** Dashboard Development, KPI Tracking, Reporting, Data Modeling, Data Storytelling
 - **Power BI:** Power Query, DAX, Data Modeling, Interactive Dashboards
 - **Excel:** Pivot Tables, XLOOKUP, VLOOKUP, Conditional Formatting, Data Validation, Charts
 - **Python Libraries:** Pandas, NumPy
 - **Version Control:** Git, GitHub
-

INTERNSHIP EXPERIENCE

Data Analyst Intern

Skillstarter IND | Nov 2025 – Jan 2026

- Analyzed **5,000+** records using Excel and SQL to identify trends and generate business insights.
- Cleaned and transformed datasets using Excel and Power Query, improving data quality for reporting.
- Developed **2** interactive Power BI dashboards with **10+ KPI** visualizations.
- Wrote **20+ SQL queries** for data extraction, filtering, and analysis.

- Conducted Exploratory Data Analysis (EDA) to identify patterns and business opportunities.
 - Prepared **10+** analytical reports and visualizations to support data-driven decision-making.
-

DATA SCIENCE INTERN

TechnoHacks Edutech | Jul 2025 – Aug 2025

- Cleaned and analyzed **3,000+** records using Python (Pandas and NumPy).
 - Built **5+** data visualizations to communicate project insights.
 - Completed **3** data analytics and machine learning projects.
 - Assisted in data preprocessing, feature engineering, and model evaluation.
-

AI/ML INTERN

YBI Foundation | Jul 2024 – Aug 2024

- Completed **4+** AI and machine learning assignments using Python.
 - Processed and analyzed **2,000+** records for learning projects.
 - Performed data cleaning and preprocessing for predictive modeling.
 - Collaborated with mentors to improve analytical and problem-solving skills.
-

PROJECTS

Indian General Election Analysis Dashboard | Power BI

- Analyzed **543 parliamentary constituencies** to identify election trends and party performance.
 - Cleaned and transformed **multiple election datasets** using Power Query.
 - Developed an interactive Power BI dashboard with **15+ KPIs**, maps, slicers, and drill-through functionality.
 - Created **20+ DAX measures** for vote share, seat distribution, alliance performance, and constituency-level analysis.
 - Designed dynamic visualizations to support data-driven insights and storytelling.
-

HR Analytics Dashboard | Power BI

- Analyzed **1,400+ employee records** to identify workforce trends and attrition patterns.
- Built an interactive dashboard with **10+ KPIs**, including employee count, attrition rate, gender ratio, department performance, and average salary.

- Performed data cleaning and transformation using Power Query to improve data quality.
- Created **10+ DAX measures** for HR metrics and workforce analysis.
- Developed interactive charts, slicers, and filters to enable effective decision-making.

Bank Transaction & Spending Analytics | Python, SQL, Excel, Power BI

- Analyzed **1,778 bank transactions** to understand spending patterns, transaction behavior, deposits, withdrawals, cash flow, and balance trends.
- Cleaned and transformed transaction data using **Python (Pandas), SQL, and Excel**, and performed analysis using **Power BI and DAX**.
- Built a **2-page interactive Power BI dashboard** to track transaction activity, balance health, monthly cash flow, and spending categories.
- Generated insights from transaction modes and categories to identify **major payment patterns and periods of low account balance**

Bachelor of Computer Applications (BCA)

Raffles University, Neemrana, Rajasthan

Expected Graduation: 2026

Senior Secondary (Class XII)

Rajasthan Board of Secondary Education (RBSE)

Secondary (Class X)

Rajasthan Board of Secondary Education (RBSE)

CERTIFICATIONS / TRAINING

- Ultimate Job-Ready AI-Powered Data Analytics Course – CodeWithHarry (2026)
 - Data Analytics Internship – Skillstarter IND (2025)
 - Data Science Internship – TechnoHacks Edutech (2025)
 - AI & Machine Learning Internship – YBI Foundation (2024)
-
